LISA THOMPSON, MPP

Petition to Stop the Continued Sale of Hydro One

To the Legislative Assembly of Ontario:

WHEREAS, the soaring cost of electricity is straining family budgets, and hurting the ability of manufacturers and small businesses in the province to compete and create new jobs; and

WHEREAS, 80% of Ontarians oppose the fire sale of the publicly owned utility Hydro One; and

WHEREAS, the Financial Accountability Officer predicts that the Hydro One fire sale will impact ratepayers and coupled with the hydro rate increase on November 1st, average Ontario families will continue to struggle to pay their hydro bills; and

WHEREAS, the Financial Accountability Officer has confirmed the fire sale could cost the province approximately \$700 million in revenue every year;

THEREFORE, we the undersigned, petition the Legislative Assembly of Ontario, and the Government of Ontario to immediately cease issuing shares of the publicly owned Hydro One utility for purchase by private industry.
